SUMMARY

B.Com in Finance & Accountancy and Master of Applied Finance candidate at SMU, with two years of hands-on financial-reporting and Indian indirect-tax compliance experience. Prepared statutory financial statements and owned GSTR-1 / GSTR-3B and TDS filing cadences for an SME; comfortable across month-end close, budgeting, variance analysis and full 3-statement / DCF modeling. Bloomberg Spreadsheet Analysis certified; detail-oriented and documentation-driven, targeting accounting, tax, FP&A and finance-analyst roles in Singapore.

EDUCATION

Singapore Management University — Singapore · 2025 – Jan 2027
M.Sc., Applied Finance

Christ University, Bengaluru — India · 2020 – 2024
B.Com., Finance & Accountancy

EXPERIENCE

Jeevan Amrit Food Products Pvt. Ltd. — Financial Analyst (Part-Time) — Bhubaneswar, India · Jun 2022 – Jun 2024

- Owned indirect-tax compliance end-to-end — **GSTR-1 / GSTR-3B filings and TDS** — managing the statutory filing cadence, reconciliations and audit-ready supporting documentation.
- Prepared quarterly P&L, balance-sheet and cash-flow statements for an SME food-products business, supporting the month-end close and the annual budgeting cycle.
- Ran variance and working-capital reviews in Excel to flag cost overruns and tighten the reporting pack ahead of senior review; reconciled sales registers against invoices and vendor records every month.

SELECTED PROJECTS — FINANCIAL MODELING & ANALYSIS

Mastercard Inc. (NYSE: MA) — Equity Research Initiation ↗ — Equity Research · SMU · co-authored

- Built a full 3-statement model and FCFF DCF, deriving after-tax operating cash flows off an effective tax rate, to support a **STRONG BUY, US$626 12-month target**; cross-checked on EV/EBITDA and P/E. Modeled Value-Added Services at a 16.3% CAGR lifting the EBIT margin to 61.9%.

The Walt Disney Co. (NYSE: DIS) — Initiation of Coverage ↗ — Equity Research · SMU · co-authored

- Contributed to a 24-page initiation (**HOLD, US$107 target**) built on a segment-level 3-statement model with after-tax FCFF, a 9.27% WACC and 3.0% terminal growth across Experiences, DTC and Linear Networks.

Vietnam Gas-Fired Power Plant — Investment Memorandum ↗ — Project & Infrastructure Financing · SMU · group

- Authored an investment memorandum presented to a mock investment committee (conditional approval); structured the capital stack and ran sensitivities on debt-service coverage and equity returns, weighing project-level tax treatment in the after-tax equity economics.

Fujitec Co. (TSE: 6406) — PE Co-Investment Memorandum ↗ — APECS PE Case Competition 2026 · team

- Evaluated a US$1.0bn minority co-investment (~22%) alongside EQT in a take-private on a 3-statement model; recommended **passing at the US$4.1bn ask**: 17.2% IRR / 2.19× against a 20% hurdle, which clears only at ~US$3.5bn EV (20.7% / 2.53×).

Okapi Solar & Home Depot — Valuation Projects ↗ — Specialty Finance / Equity Analysis · SMU · group

- Okapi: reframed a solar-leasing startup as a ~5% NIM specialty lender and reconciled DCF / VC / NSV methods to a ~US$15–16M EV, challenging a 0% credit-loss assumption. Home Depot: DCF intrinsic valuation cross-checked against EV/EBITDA and P/E comparables.
