SUMMARY

Master of Applied Finance candidate at SMU with a B.Com in Finance & Accountancy, drawn to research for the discipline of putting a view on paper and defending it. Co-authored two equity initiations with explicit calls and targets (Mastercard, Disney), built a DCF-and-comparables valuation on Home Depot, argued a US$1.0bn private-equity position against a return hurdle and reconciled a specialty-finance valuation across three methods. Bloomberg Market Concepts, Spreadsheet Analysis and ESG certified; Capital IQ exposure; CFA Level I candidate (Feb 2027), targeting equity-research and investment-analyst roles in Singapore.

EQUITY RESEARCH & VALUATION — COURSEWORK & COMPETITIONS

Mastercard Inc. (NYSE: MA) — Equity Research Initiation ↗ — Equity Research · SMU · co-authored

- Co-authored an initiation with a **STRONG BUY and a US$626 12-month target (+25%)**, an 80/20 blend of FCFF DCF and EV/EBITDA / P/E comparables.
- Built the DCF on an 8.46% WACC and 3.2% terminal growth over a full 3-statement model, with sensitivity grids on discount rate and growth; thesis: Value-Added Services compounding at a 16.3% CAGR.

The Walt Disney Co. (NYSE: DIS) — Initiation of Coverage ↗ — Equity Research · SMU · co-authored

- Contributed to a 24-page initiation: **HOLD, US$107 target** via a 5-year FCFF DCF (9.27% WACC) cross-checked against a Sum-of-the-Parts bear/base/bull envelope (US$84 / 107 / 176), with segment theses across Experiences, DTC and Linear Networks.
- Sourced every figure to filings, results presentations and earnings-call material, with balance-sheet and cash-flow checks built into the model.

Home Depot (NYSE: HD) — Equity Valuation ↗ — Equity Analysis · SMU · group

- Built a DCF intrinsic valuation cross-checked against comparable-company analysis (EV/EBITDA, P/E) to frame a fair-value range and investment view.

Fujitec Co. (TSE: 6406) — PE Co-Investment Memorandum ↗ — APECS PE Case Competition 2026 · team

- Evaluated a US$1.0bn minority co-investment (~22%) alongside EQT in a take-private on a 3-statement model; recommended **passing at the US$4.1bn ask**: 17.2% IRR / 2.19× against a 20% hurdle, which clears only at ~US$3.5bn EV (20.7% / 2.53×).

Okapi Solar — PE/VC Investment Memorandum & Valuation ↗ — Specialty Finance · SMU · group

- Reframed a Malaysian rooftop-solar startup as a **~5% NIM specialty-finance lender**; triangulated DCF / VC / NSV methods to a defensible **~US$15–16M EV** and a diluted ~1.9× / ~16% XIRR, gating the proceed on credit-loss, funding-line and SAFE-dilution diligence.

Vietnam Gas-Fired Power Plant — Investment Memorandum ↗ — Project & Infrastructure Financing · SMU · group

- Authored an investment memorandum for a gas-fired power plant and presented it to a mock investment committee (**conditional approval**); sized the debt, structured the capital stack and ran debt-service-coverage and equity-return sensitivities across financing scenarios.

EXPERIENCE

Jeevan Amrit Food Products Pvt. Ltd. — Financial Analyst (Part-Time) — Bhubaneswar, India · Jun 2022 – Jun 2024

- Prepared quarterly P&L, balance-sheet and cash-flow statements for an SME food-products business through the month-end close and budgeting cycle, alongside a full-time B.Com.
- Ran variance and working-capital reviews in Excel to flag cost overruns and tighten the reporting pack ahead of senior review.
- Handled indirect-tax compliance end-to-end — **GSTR-1 / GSTR-3B filings and TDS** — owning the statutory filing cadence and supporting documentation.
