SUMMARY

Master of Applied Finance candidate at SMU with a B.Com in Finance & Accountancy and two years of part-time financial-reporting experience at an SME. Project work follows the real-asset investment lifecycle: a gas-fired power plant financing memo taken through debt sizing and coverage sensitivities to a mock investment committee, a solar-leasing platform underwritten as a receivables book, a US$1.0bn take-private co-investment tested against a return hurdle, a fractional real-estate platform's unit economics and an impact-measurement case. Advanced Excel modeler with Bloomberg and Capital IQ exposure; Bloomberg ESG certified; CFA Level I candidate (Feb 2027), seeking infrastructure, real-estate and project-finance roles in Singapore.

EDUCATION

Singapore Management University — Singapore · 2025 – Jan 2027
M.Sc., Applied Finance

Christ University, Bengaluru — India · 2020 – 2024
B.Com., Finance & Accountancy

INFRASTRUCTURE, REAL-ASSET & INVESTMENT ANALYSIS — COURSEWORK & COMPETITIONS

Vietnam Gas-Fired Power Plant — Investment Memorandum ↗ — Project & Infrastructure Financing · SMU · group

- Authored an investment memorandum for a gas-fired power plant and presented it to a mock investment committee (**conditional approval**); sized the debt, structured the capital stack and ran debt-service-coverage and equity-return sensitivities across financing scenarios.

Okapi Solar — PE/VC Investment Memorandum & Valuation ↗ — Specialty Finance · SMU · group

- Reframed a Malaysian rooftop-solar startup as a **~5% NIM specialty-finance lender** ; triangulated DCF / VC / NSV methods to a defensible **~US$15–16M EV** and a diluted ~1.9× / ~16% XIRR, gating the proceed on credit-loss, funding-line and SAFE-dilution diligence.

Fujitec Co. (TSE: 6406) — PE Co-Investment Memorandum ↗ — APECS PE Case Competition 2026 · team

- Evaluated a US$1.0bn minority co-investment (~22%) alongside EQT in a take-private on a 3-statement model; recommended **passing at the US$4.1bn ask** : 17.2% IRR / 2.19× against a 20% hurdle, which clears only at ~US$3.5bn EV (20.7% / 2.53×).

Arrived — Fractional Real-Estate Investment Platform — Financial Analytics & Innovation · SMU · group

- Analyzed the business model and investment case of a fractional real-estate ownership platform: property-level unit economics, investor return profile, fee structure and platform risks.

The Walt Disney Co. (NYSE: DIS) — Initiation of Coverage ↗ — Equity Research · SMU · co-authored

- Contributed to a 24-page initiation (**HOLD, US$107 target**) via FCFF DCF and a Sum-of-the-Parts envelope; the Experiences segment thesis (parks, resorts, cruise lines) rested on hospitality-demand and capex-cycle assumptions.

Impaakt — Sustainable Finance & Impact Measurement Case — Sustainable Finance & Impact Investing · SMU · awarded an A

- Assessed an impact-measurement framework used in capital-allocation decisions; relevant to green and social asset classification in infrastructure and real-estate portfolios. Awarded an A.

EXPERIENCE

Jeevan Amrit Food Products Pvt. Ltd. — Financial Analyst (Part-Time) — Bhubaneswar, India · Jun 2022 – Jun 2024

- Prepared quarterly P&L, balance-sheet and cash-flow statements for an SME food-products business through the month-end close and budgeting cycle, alongside a full-time B.Com.
- Ran variance and working-capital reviews in Excel to flag cost overruns and tighten the reporting pack ahead of senior review.
- Handled indirect-tax compliance end-to-end — **GSTR-1 / GSTR-3B filings and TDS** — owning the statutory filing cadence and supporting documentation.

SKILLS

Infrastructure & Real Assets: Project-finance capital structuring, debt sizing, DSCR and equity-return sensitivities, feasibility and market research, receivables and credit analysis, returns analysis (IRR, equity multiple), investment-approval papers

Valuation & Reporting: 3-statement modeling, DCF (FCFF), comparables, scenario analysis, financial-statement preparation, performance tracking against budget

Tools: Microsoft Excel (advanced financial modeling), Bloomberg Terminal, Capital IQ, PowerPoint

Other coursework: Mastercard — co-authored initiation, US$626 12-month target · Home Depot — DCF and comparables valuation · Bank of Singapore — EAM strategy case.

Certifications: Bloomberg Market Concepts, Spreadsheet Analysis & ESG (Oct 2026) · CFA Level I candidate (Feb 2027) · Advanced Excel — Christ University.

Languages: English & Hindi (fluent) · French (conversational). **Activities:** Finance Club Case Competition, Christ University — 3rd place (2022).

Availability: Immediate, internship or full-time, Singapore; M.Sc. completes January 2027.
